Profile

I spent my high school career learning engineering and got the chance to spend half my school day my senior year attending an internship. Following that my journey as an engineer led me to creating full-stack web applications and working with liked minded individuals on projects at Resilient Coders that helped to blossom my skills to become what they are today. I look forward to being a part of your team.

Education

2019 — 2020   LOWELL, MA, USA

Computer Engineering
University of Massachusetts Lowell

09/2015 — 05/2019   MEDFORD, MA, USA
